

SNAKE AND REPTILE SHOW

Introducing our **NEW**

Reptile Zoo

The popular Reptile Zoo was started as a small mini-zoo in 2021 and was so popular it was expanded for 2022. As there are no venomous snakes it was enormously successful as a safe reptile display. There are various reasons for not including venomous snakes, not least being that sourcing captive bred venomous snakes is becoming more and more difficult, if not impossible. By law we must purchase our reptiles from licensed breeders. RESTA received many comments from show goers that they loved the set up and the ease of seeing more species. They also commented on how much better it was for families than the snake pit. Some design features are listed below.

Specifically designed

- To keep traffic flowing
- To display even more reptiles at any one time
- To be a constant source of entertainment during the day and not just at "performance" times
- With no set performance times so people can come and go at their leisure
- Opening hours with a specialist on site between gates opening and 4 pm minimum
- More species on display at any one time and in total than any other reptile display business
- Easy for families - no picking up children to see over a wall and no waiting for show times with children

A selection of the favorite non-venomous reptiles are on display

- Skinks
- Dragons
- Monitors
- Geckos
- Pythons
- Turtles
- Crocodiles

Description

- Minimum 15 reptiles on display at any one time
- Species may change during the day, or daily
- 2 wet tanks minimum
- Space required 10 x 5.5 metres

* Space, water and power (15amp) access requirements apply to all of our displays. Please contact RESTA to discuss so that we may best assist you.

NOTE: A small additional fee for travel over 1000 kms may be added. Please contact us for your individualized quote.

Our promise to you

100 % Safety Record

The safety and welfare of our animals, staff and patrons is our number one priority.

Professional, knowledgeable, experienced staff to assist patrons with questions.

Our qualified animal handlers remain on site ALL DAY.

We ensure that there are happy and healthy reptiles and animals on display ALL DAY.

We custom design our presentations to suit your event and crowd type.

Our shows provide entertainment and education for ALL AGES.

We are a highly commended entertainment and education service, having over 15 years experience.

We are constantly evolving to ensure our displays are fresh and new.

Maintenance of our equipment is a priority.

THE BIGGEST REPTILE SHOW IN QLD!

MORE ANIMALS - MAXIMUM CROWD ENGAGEMENT

Contact us for your quote.

Free new added bonus!

Under the Microscope is a new program that we have developed to give children and adults even more free entertainment at your show. Not only is this entertaining, but it is also educational.

This space is part of the Reptile Zoo. Digital microscopes are used to look at everyday things.

RESTA is fully self contained* and your quote is all inclusive of GST, travel, accommodation and meals.

**Self contained - we stay on site at our location behind / next to the display. The campsite is kept clean and tidy at all times and we try to keep private spaces out of public view depending on site location and layout.*

Training Services

We have a number of different training options for industry only available:

- Reptile Safety and Awareness Training
- Capture and Relocation Training - non-venomous only
- Tailored education programs for your club or business
- EHP Approved
- Workshops Face-to-Face

Entertainment Services

- Static Displays
- Interactive shows
- Demonstrations
- Coordinated performances tailored to your event
- Custom displays created to suit your space restrictions
- Quality education and entertainment suitable for all ages
